

Richmond Record-Herald

A Consolidation of the Record-Herald and Richmond News

VOLUME XXX—Nineteenth Year

RICHMOND, CALIFORNIA

WEDNESDAY, NOVEMBER 24, 1920.

NUMBER 241.

HIGH HARBOR RATING GIVEN TO RICHMOND BY P.C. PORT AUTHORITIES

Jackson H. Misner, Harbor Manager, Richmond has received from G. F. Nicholson, chairman of the Pacific Association of Port Authorities, Seattle, a prospectus of the annual report to be issued by the association in which Richmond has acquired a place in the second place or Class "B" of Pacific Coast Ports, ranking this city higher than Oakland.

The announcement is one of importance to Richmond as an achievement over the record of the past year, and has brought about a recognition entirely unexpected by Misner. The classification of Pacific Coast Ports are as follows:

Class A: Ports consisting of those actually operating.

Class B: Ports organized and doing construction work, but not operating.

Class C: Ports or Port Districts organized, but neither constructing nor operating.

Under Class A are the following: San Francisco, Los Angeles, Portland, Astoria, Vancouver B. C., and Seattle.

Class B: San Diego, Tacoma, Richmond and Victoria B. C.

Class C: Oakland, Everett, Wn., Grays Harbor, Hoquiam, Wn., Vancouver, Wn., Bandon, Or., Ports of Toledo and Newport, Or.; Port of Coos Bay, Inc.; Marshfield, Or.; Port of Coquille River, Myrtle Point, Or.

Incidentally the report containing this interesting data will be distributed throughout the world, as will monthly bulletins containing the above stipulations for information of shippers, steamship companies and railways. The purpose of the bulletin is likewise to effect more harmony and better understanding among port officials.

Harbor Manager Misner of Richmond attending the annual meeting of Port Authorities in Portland and Seattle this Fall secured for this city a fine recognition, because of the construction work now provided by bond issue. The Standard Oil Company and Santa Fe terminal wharves add largely to prominence of the Richmond port throughout the coastwise circles.

Manufacturers to Discuss Many Topics of Importance

The first meeting of the Manufacturers and Utilities Bureau of the Chamber of Commerce will be held at noon today at the Chamber of Commerce, with lunch served family style by Martin's in the committee room. This room heretofore used for storage has been transformed into an attractive and comfortable meeting place will serve admirably for the purpose desired in the forum lunch, which is inaugurated by today's session. Many matters of importance will be discussed as follows:

Rural free delivery in Richmond, east and north section.
Express delivery service to manufacturing plants and over rural routes.
The Santa Fe terminal project as endangered by removal to Oakland.
The extension of the Sixth street car line, to the manufacturing district.
Clearing house report on proposed industries for the East bay section.
Means of reaching a solution to the housing problem.
Entertaining the Foreign Trades Club of San Francisco as planned for Saturday next.
The committee is composed of sixteen members, selected from manufacturers, bankers and the utilities exclusively.

HOEY AIDS IN SECURING RECRUITS FOR THE NEW COMPLETED BATTLESHIPS

James F. Hoey, Grand President of the Native Sons, participated Monday in the big parade held in Oakland, to stimulate recruiting for sailors to man the U. S. S. California. The Native Sons have been active in promoting recruiting or the California and Hoey representing the order addressed a throng of people at the Oakland Auditorium.

Second Freight Ferry

COPPELBERGER LOSES JACOBS SUIT

Rights of Wife Are Involved In Suit Over a Valuable Lease

Community property rights and contract obligations involved in a lease not entered into by the wife must be decided in the Superior Court in a suit filed against A. B. Dickstein of this city by Adolph Hinkelman and his wife, Josephine.

In March, 1919, the complaint avers, Hinkelman leased the

building at the southeast corner of Seventh and Macdonald avenue to Dickstein for five years.

His wife, however, did not sign the lease although the building was community property. Mr. and Mrs. Hinkelman now seeks to have the lease broken.

Under the law it is claimed

the husband is not empowered to lease community property for a period in excess of one year.

Since the execution of the lease, rentals on the avenue have increased very much and the suit promises a very bitter fight in court. C. N. Hannun is attorney for the plaintiffs.

A most unique case was decided in the Superior court yesterday by Judge R. H. Lattimer, which affects property at Sige Junction, known as "Sullivans."

The suit brought by Bert Coppelberger in which he sought to have annulled a lease on the building held by Joseph Jacobs on the ground that the lease stated the building was to be used for saloon purposes and that Jacobs failed to secure a license for operation of a saloon business.

Since Jacobs secured the lease, the national prohibition act went into force, and Coppelberger's suit sought to force Jacobs to do something that would be in violation of the law.

Judge Lattimer held for the defendant on the ground that Coppelberger accepted rent of the building from Jacobs after the war time prohibition act became effective and Jacobs could not secure a saloon license, thus forming an estoppel. Jacobs pled that the law prohibited him from securing a saloon license and that Coppelberger accepted rent despite that fact.

Airplane School To Make Modesto Its Headquarters

O. H. Mattley, who was to establish an aviation school in this city, has been unable to secure a landing field, and as a result, he has made arrangements to move his airplanes to Modesto, where they are receiving him in open arms.

Charles Sheaff, steamship owner of San Francisco, at the Chamber of Commerce yesterday announced his intention of inaugurating a regular freight service, between Richmond and San Francisco, provided he can secure warehouse facilities on the water front sufficiently large to justify large freight transfers. Sheaff is unable to get dockage or space at the Municipal wharf, as that is crowded to capacity by contract, but he has secured a site, which will possibly be negotiated within a few days.

To Secretary Wallace, who accompanied Sheaff on his tour of the Richmond water front, Sheaff stated that many freight handlers had eyes turned towards Richmond thru the industrial output of this city as destined for San Francisco and other coast points.

He will make headquarters in Richmond and employ trucks to collect and deliver freight from his vessels. Headquarters in San Francisco will be at Pier 17, care of the Linden Steamship Company.

Water Company Is Asking For Rate Increase

The State Railroad Commission yesterday conducted a hearing into a petition brought by Fred Meyer, owner of the Pullman Water Company of Richmond, for permission to increase his rates and at the same time took cognizant of a petition submitted by several consumers of the Pullman Water Company, petitioning the Commission to order Meyers to improve his service and lower his rates.

It is the contention of the consumers that the existing rates are too high, that the service is not up to standard and that the plant is not being properly conducted as a utility.

Truck Seized Here Said to Be Part of Pelligrini Outfit

The booze scandal that has developed in Oakland, in which it is said a number of the members of the police department of that city are involved, and in which E. Pellegrini, of San Leandro, the keeper of a resort, is said to be one of the chief figures in the bootlegging industry, has a Richmond angle to it. The local police department stated that the truck that officer Jones

picked up in the Pullman district a short time ago, containing \$5,000 worth of liquor was a part of the Pellegrini outfit.

The truck had come across on the Richmond San Rafael ferry, and when the men in charge reached the Pullman district, the supply of gasolene ran out. While the driver was hunting for gas, Officer Jones made the haul.

RICHMOND ESTATE LEFT RELATIVES IN IRELAND

The bulk of the estate of the late Kate C. Haugh of Richmond, valued at more than \$10,000 will be received by a half dozen nieces and nephews in Ireland after the youngest of them has attained the age of 25 years, according to the terms of her will which together with a petition asking its probate was filed in the Superior Court Tuesday by Attorney Hiram E. Jacobs.

In the event of a contest or a dispute over the estate by any relative or relatives not made a beneficiary they are to be paid \$1, Mrs. Haugh's will provides.

The will names T. G. and W. H. Conn of this city as executors of the estate and appoints them to administer and manage the estate and pay the proceeds of the estate to the Irish nieces and nephews. Bequests of \$5 are made to a number of nieces and nephews residing in this state and \$2000 is left to a brother, James Cronin, residing in Ireland.

A peculiar feature of the will is that Mrs. Haugh states she does not know the names or addresses of her Irish nieces and nephews. Mrs. Haugh died November 18.

City Officials Charge of Program at Elks

It was with official right with the Elks, at the meeting last evening and an unusual program was prepared.

The University Glee Club was secured and there was chorus singing, solos and music by a jazz band, that the large crowd present enjoyed very much.

It was old clothes night, and nearly every member of the lodge turned in some wearing apparel, to the committee which will be distributed to the needy later on.

Entertainment at The High School This Evening

This evening at the high school the three Parent Teachers' Association of the city will give an entertainment and supper in honor of the Americanization class. Mrs. K. A. Cole and Mrs. A. B. Ledgerwood, the two presidents are in charge of the arrangements.

The object of the entertainment is to provide a means for many of those attending the night school, to get acquainted.

C. T. Walker Files Foreclosure Suit Against R. G. Jones

Attorneys T. H. DeLap and Hiram E. Jacobs, representing Charles T. Walker, now of Kingsburg, but formerly merchant of this city, have brought suit against R. G. Jones for the foreclosure of a mortgage on Richmond property. The original amount was \$2000, but the sum claimed to be due is \$1300. Both of the parties to the action, formerly conducted business in this city, under the name of R. G. Jones Dry-goods Company.

EXTENSION CAR LINE TO OPEN NEW TERRITORY

Negotiations pending decision of the San Francisco and Oakland Terminal Railway Company, took a turn towards the extension of the Sixth street car line to a point near the shore route. Investigation of the route yesterday afternoon brought about the fact that should the line be extended more than 100 new routes will be constructed on the fact, between the Certainated Protected Corporation Plant and the Pacific Sanitary Company factory. This will serve, besides the manufacturing plants mentioned, the Metals Atomizer Company, manufacturer of the arrangements.

C. C. Gas Company Serving Co-Towns Asks Adjustment

Contra Costa Gas Company, which serves gas in the cities of Antioch, Concord, Martinez, Pittsburg, Crockett and contiguous unincorporated territory in Contra Costa county has applied to the Railroad Commission for authority to increase its rates. The company says that higher charges are necessary to enable it to meet added cost of production, due to increases in the price of fuel oil. The company has been getting oil at \$1.63 a barrel on a contract which expires December 31, 1920. After that date, it will have to pay \$2.24 a barrel, it says. It is also asserted by the company that its labor costs have increased considerably since its rates were fixed by the Commission.

THINKOGRAPHS by F. J. HULANISKI

PROHIBITION WILL CONTINUE

A poll of the new congress shows conclusively that the House and Senate are both overwhelmingly "dry" and that there is not the ghost of a chance to modify the Volstead law. Congressman Volstead himself was re-elected and the gain in the Congress of the dry is two to one to that of the wets. You may as well begin to create a taste for soft drinks for by the time the available supply is used up, those who manufacture all manner of devilish concoctions will long since have been rounded up and jailed. It was that way in Maine, in Iowa, Kansas and other states which went prohibition before the constitution amendment was carried, and it will be that way all over the United States.

In California a referendum was on the ballot to enable the state officials to assist the federal officers in the enforcement of the Volstead law, but it was voted down, because a lot of numskulls got it into their heads that it was of itself the prohibition law. It will come up again this winter in the legislature and will pass.

With 268 Congressmen who voted for the Volstead act re-elected, and 37 who voted against it retired to private life, a fat chance the brewer, the distiller, the bartender and the booze hound have for resuming traffic in wetness. Beyond the shadow of a doubt, prohibition is now an established policy of the United States.

Lives there a man with soul so dead
Who never to the world has said
In thunder tones, inspiring awe:
"They really ought to pass a law?"

Don't smoke around a garage. If your life isn't worth anything gasoline is.

In human life, as a whole, there are always elements and forces, motives and ideals, which defy the analysis of reason. That is why we cannot understand why people continue to butcher each other in Europe long after the war is over.

"Peace hath her victories, as well as war," but nobody seems to pin any medals on us for washing the dishes or chopping the wood, and there is never a brass band out to meet one in the morning after walking the floor all night with a colicbaby.

Of course it is entirely wrong for the market man to put his biggest potatoes and rosiest apples on the top box for that is covering up something not so good below, but, come to think of it, many of us carefully comb strands of hair over a bald spot.

We have occasional crop failures here and there in spots, but never anything like the old "bleeding" days of Nebraska and Kansas, when the grasshoppers and hot winds left absolutely nothing. Why, in those days, a man could sit down to the table and if his appetite was normal he could eat about eighty acres of corn.

Among many other things the navy is offering for sale very cheap 11,170 shovels. Just what in blazes anyone wanted to buy 11,170 shovels for the navy for is past guessing. They couldn't shovel anything out of the ocean with them, and a sailor is never a landlubber.

"What Women Love" Big Attraction At the Richmond

"What Women Love," a First National Attraction is graphically explained at the Richmond Theatre today and tomorrow when Annette Kellerman appeared in her remarkable comedy drama of that name.

As the daughter of a moral crusader the star shocks her father's friends and by an innocent bit of naturalness forces his resignation as president of the Purity League.

They sail for Honolulu to forget it, using the palatial yacht of one of the two most ardent suitors for her hand.

How the beautiful girl wins in a desperate underwater struggle with a lustful man saves the man she loves from death at the hands of a mutinous crew and teaches her future husband the gospel of physical preparedness, forms the brilliantly dramatic theme of the story.

"What Women Love" was produced by Sol Lesser, the young Pacific coast producer. The story was written by Bernard McConville, who wrote many screen successes for Mary Pickford, Norma Talmadge and Lillian Gish. The production was supervised by H. P. Caulfield, formerly general manager of Universal City and directed by Nate Watt, formerly a directorial associate of Lois Weber.

On the same bill is a Pathe New reel and a Larry Semon comedy.

RICHMOND LOTS ARE SOLD TO CROCKETT MEN

The Mercantile Trust Company of San Francisco, on Tuesday closed a deal for the sale of several lots in the city of Richmond to John A. McGregor and Wallace M. Alexander, president of the California-Hawaiian Sugar refinery at Crockett. According to the deed, the consideration was \$15,000.

ANTIOCH--RICE GROWERS SUIT SUBMITTED AFTER LONG BATTLE

What is generally known as the Antioch water case in which rights of cities to water and those of the rice growers of the Sacramento valley are involved, has after a thirty-day battle been submitted to Judge A. F. St. Sure of Oakland for decision.

That no ruling can be expected for more than a week and that a long written opinion will be rendered after a canvass of all arguments presented, was indicated by Judge St. Sure.

Summing up, in his final argument evidence to support his charges that to preserve the rivers from pollution by salt, to provide 420,000 acres of land below Sacramento with irrigation and to give the town of Antioch fresh water for its citizens, at least 3500 second feet must flow past the city of Sacramento, Partridge told of conditions before withdrawals and afterward.

In 1920, Partridge declared, 4200 second feet of water was taken out of the river by the rice men, leaving only 1800 second feet flowing past Sacramento. Records show that in 1916-17 there was no salt at Antioch. When the amount of rice land jumped in 1918 from 40,000 acres to 80,000 acres, the salt increased from four to five parts to 130 parts.

In the Sacramento river at Rio Vista, the water was fresh until 1919. Partridge declared when the amount of rice land went to 165,000 acres and the salt was 420 parts. On the San Joaquin side the water was fresh at Curtis Landing until 1919, then due to the immense and sudden growth of the rice industry, 310 parts of salt polluted it.

Figures submitted in the argument indicated that the rice growers, besides having 136,000 acres in that crop, have 72,000 acres in other crops that will be affected. There are 190,000 acres in rice all

together, but the Sutter Butte company, one of the largest growers is not included in the suit because it had been taking water for more than five years.

Partridge contended that diversion of water for rice irrigation, to an amount which he said reached 4000 cubic feet per second this year, had removed the wall of fresh water which has, in all past history kept the salt waters of the bay out of the Sacramento and San Joaquin rivers.

Taking up the testimony of the defendant's witnesses in order, Partridge stated that each one of them had sworn in court that the extent of salinity in the lower rivers depended upon the amount of water removed for irrigation in the upper Sacramento river. He quoted Engineer C. E. Grunsky, called by the defense as testifying that if no greater in 1919 than in 1913, the water would have been as fresh in the latter year as in the former.

The attorney then quoted evidence to show that until 1918 there had been practically no complaint as to the water at Antioch, and that fresh water had always been obtainable there.

Concluding, he said that the evidence established the removal of water up-river as the cause of the salinity; that the defendants were shown to have contributed to this salinity and that they were therefore, enjoined.

WOMEN'S AUXILIARY TO HAVE BIG INITIATION

The Women's Auxiliary of the American Legion will hold their monthly meeting at eight o'clock Friday evening, in Pulse hall, at Sixth and Macdonald avenue. All members are requested to be present as nomination for the officers of the coming year will be made.

These Charts Show Why Your Electric Light Bills Are Higher Now Than In Summer

Study the above charts. The one at the left shows the relative number of hours of daylight and darkness and the hours of use of Electric Light in each day during the Spring and Summer.

The chart at the right shows the same comparison between darkness, daylight and hours of use of Electric Light, but for the Fall and Winter months.

You will notice that there is two-thirds more darkness in each day during the Fall and Winter than in the Spring and Summer, and, that on account of it, it is necessary to use your Electric Light nearly three times as much every twenty-four hours as in the Spring and Summer.

It is only natural, therefore, that with this increased consumption of Electricity for lighting, your Electric Light bills will be somewhat higher.

OFFICIAL SAYS S. P. NEEDS ROOM AT THE MOLE

J. H. Dyer, general manager of the Southern Pacific has issued the following statement, about the notice issued to the Santa Fe that it must withdraw its service from the Southern Pacific mole:

"Notice was given the Santa Fe on November 8, that in view of the additional passenger service to be inaugurated by both companies, the Southern Pacific would have need to utilize all of its Oakland pier terminal. This was only after it was quite apparent that the facilities were inadequate to handle the business of both carriers.

"At Oakland pier we have three steam line receiving tracks, over which forty-six scheduled trains, exclusive of second sections, arrive each twenty-four hours, of which twenty-six are received during the peak hours between 6:20 a. m. and 9:30 a. m. For outbound trains there are six tracks, over which forty-five regular trains are dispatched each twenty-four-hours period, and of which eleven go between the hours of 6 p. m. and 7:30 p. m.

"A check of trains handled at that terminal during period 12:01 a. m., October 26 to 12:01 a. m., October 27, shows 663 electric train movements; 327 electric switch movements; 100 steam train movements; 901 steam switch movements; 72 freight movements to Albers and Parr; 114 light engine movements total movements, 2177.

"Those movements do not take into consideration the very material increase in the number of trains to be operated by the two carriers commencing November 14.

"With this increase volume of train and engine movements it has been impossible to switch and handle trains in the sheds as should be the case. It has been necessary to make them up out in the yards to a greater extent than should prevail as well as to load mail, baggage and express during rainy weather on outside tracks which are not provided with shed protection.

"Roundhouse facilities at West Oakland where we handle from 120 to 150 engines daily are also inadequate to take care of the large amount of power requiring attention, it being necessary for much of it to remain considerable periods on outside tracks while under steam awaiting opportunity to get onto service tracks for maintenance attention.

"Our West Oakland yard, where passenger equipment is cleaned, is also congested. Since taking over the handling of Santa Fe equipment during Federal control, it has been necessary to do a great deal of our work, as well as work on the Santa Fe equipment outside of the regular cleaning yard, where the facilities are not available for proper expeditious or economical handling of the work.

"The change is therefore, not a

case of increased rental charges, but simply a matter of inadequate space at Oakland pier, in connection with which the Santa Fe is returning to the use of its own facilities at Richmond, which are available for immediate use."

Nine Banks in North Dakota Have Been Closed

FARGO, N. D., Nov. 23.—Increased bitterness in the political situation in North Dakota resulted today from the closing of nine banks in the State. Non-partisan leaders claimed the closing of the banks was caused by passing of an amendment at the last election repealing the Non-Partisan law requiring deposit of all party funds in State-owned banks, which was re-deposited in small banks.

League opponents said the reason for the failure of the grain crop and tight money market, attributed to the importance to the withdrawal of public moneys.

Banks in the western part of the State, where the failures were reported, received about \$500,000 more in deposits than similar institutions in other parts of the State. These funds have been withdrawn and the farmers are unable to pay their notes.

As the State-owned bank at Bismarck is now accepting individual deposits, business men expect the Non-Partisans to announce they will deposit sufficient money in the banks to save the situation.

FIERY, ITCHY ECZEMA HEALED RIGHT UP WITH SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Menthosulphur says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Menthosulphur from any good druggist and use it like a cold cream.

Union Services on Thanksgiving

The following strong program has been arranged by the "Ministerial union" for the union Thanksgiving services which are to be held at the First Christian Church Thursday morning at 10:30 o'clock. A cordial invitation is extended to the general public to participate in these services.

1. Organ Prelude in F, by Batisse, Miss Vera Wyatt.
2. Doxology.
3. Invocation by Rev. Thomas A. Boyer.
4. Organ Response.
5. Anthem: "Praise Ye the Lord." J. B. Molitor.
6. President's Proclamation, by Rev. Paul Little.
7. Hymn 3, "Before Jehovah's Awful Throne."
8. Scripture Reading by Walter J. Mead.
9. Hymn No. 403, "Come Ye Thankful People, Come."
10. Prayer by Rev. Henry K. Sanborn.
11. Anthem: "O Give Thanks Unto the Lord." L. W. Ballard.
12. Offering for the Near East Relief.
13. Solo: "Thank God for a Garden." Theresa del Riego; Mrs. Taylor F. Johnston.
14. Sermon by Rev. C. H. Berry.
15. Hymn No. 410 "My Country, 'tis of Thee."
16. Benediction by Rev. Paul Little.
17. Organ Postlude: "Marche Pontificale" Pontombelle.

Tank Car Co. Gets a Decision In its Test Suit

As a result of a decision of the Supreme Court in the case of the Union Tank Car Company, in which action was brought against the city of Richmond to recover \$1588.45 alleged to have been illegally paid as taxes on tank cars, this city will be out that amount of money.

The contention of the tank car company, that its principal place of business was in Delaware and that taxes on personal property should be paid at that point, was upheld by the court.

Richmond & Central Markets

The Market of Quality

O. R. Ludwig, Proprietor

The Home-Staying Dollar

Is the dollar that counts in the long run. It's the dollar that eventually "comes back." If Jones buys a suit of clothes from Smith and Smith buys a pair of shoes from Jones the dollars involved in the transaction stay in Richmond and both Jones and Smith make a profit.

If, however, Jones buys his suit in some other town and Smith goes elsewhere to buy his shoes, both Jones and Smith lose a profit and the money each spends may never come back to Richmond.

Too many Richmond people buy suits and shoes—and many other necessities—in other cities. Richmond is a prosperous community to be sure, but not nearly so prosperous as it would be if we all remembered that the home-staying dollar.

Makes Business Good

Turkeys! Turkeys!

A large assortment of dressed turkeys on hand. All quality, none better, the kind that retails at other markets for 60c, 65c and 70c per pound.

Our Price **60c** Per lb.

All the other trimmings that are necessary for your Thanksgiving dinner.

Liberty Cash Market

No. 6 Washington Avenue, Pt. Richmond

BARNES WILL BE TRIED IN SUP. COURT FOR FELONY

As the result of the holding of the preliminary examination yesterday before Justice of the Peace John Roth, A. J. Barnes was held to answer before the Superior Court on charges of grand larceny and passing fictitious checks. In default of bail, he was returned to the county jail.

It will be remembered that Barnes was brought back from Bakersfield about a week ago, where he had been arrested as the result of a state-wide search instituted by Chief of Police W. H. Woods.

Barnes bought an automobile from Mrs. F. J. Lovell, and it is said he tendered a check for \$400 in payment which later on proved worthless. It is also said he passed similar papers on W. H. Kelly, the tire man on Macdonald avenue, between 12th and 13th streets.

MEDITATIVE GOULASH

Garden of Eden: Former residence of the Adames. Play less on the ukulele and more on the wash tub. No movie star attracts attention in Los Angeles. Was Lincoln's address Gettysburg or the White House? We have many assistants but little assistance. Our soldier boys will never take to ping pong again. Removing the mote from one's own eye is a painful operation. It is old fashioned to say "beat it." Say "deport yourself." We'd about as soon have hook worm, as tire trouble. Divinity shapes our ends, but don't make 'em meet. A good name being better than riches doesn't interest the profiteer.

Gasoline Export Records Broken September Month

WASHINGTON, Nov. 23. — All gasoline output records were broken during September, the bureau of mines announced today. Refineries produced a daily average of 15,000,000 gallons, making the output for the first nine months of 1920 3,500,000,000 gallons, as compared with 2,900,000,000 during the same period in 1918.

Look over the bargains in today's paper.

Extension of Car Line Will Open Up New Territory

Continued from Page 1

turers of Mineral Wool products; the Santa Fe foundry and Western Pipe and Steel Company and four large nurseries, located in that neighborhood. The route proposed extends from the end of the Eighth street line north to Seventh; thence through the subway under the Santa Fe tracks directly north ten blocks or more. The street paving is in along this street, but space is left in the center for a double track car line. All curbing and walks are laid, nearly the entire distance, touching the several factories.

As announced by one of the engineers, should the San Francisco and Oakland Terminal Company decide not to extend the line as proposed, a privately owned line will be built to reach from the subway at the city limits, to Grant, Hercules, Bay Point, Antioch and way points. The country traversed is rich in industrial facilities and oil stations where large numbers of men are employed. An hourly service direct to Richmond it is considered is an attractive proposition.

The proposed railway line, proposed will aid largely to tap a section of the city and environs which is ideal for housing conditions and will no doubt prove a prosperous annex to the city as the home district of hundreds of workmen of the several manufacturing plants, located nearby and within easy rail service. It is estimated that about 1200 families will be served by the first unit of the new line extending from the Sixth street route.

QUIET TITLE SUIT FILED

Suit to quiet title to three lots in Richmond was filed in Superior Court Tuesday by the Harbor Center Land Company, against Truitt, McQuiddy & Moyle.

Point P. T. A. Will Hold Meeting This Afternoon

The Parent Teachers Association of Point Richmond will hold a meeting this afternoon at two o'clock at the Washington school auditorium. The seventh grade will entertain the parents with a short program of "The Courtship of Miles Standish" and musical selections by the fourth and sixth grades will be rendered. The following pupils will take part in the play: Katherine Kenny, as Priscilla; William Spierach, John Alden; Howard Hughes as Miles Standish and Iola Besson, Dame Healey.

Following the entertainment, the time will be taken up with the business meeting.

60% MEN QUIT THE FORD AUTOMOBILE PLANT IN LAST NINETY DAYS

CHICAGO, Nov. 23.—Testimony that only when laborers lived in reasonable comfort and with a happy frame of mind as a background could efficient labor be expected, was introduced by packing house employees before Federal Judge Samuel Alschuler in the packers' employees' wage hearing this morning. Wages and living conditions at the Detroit Ford plant were described by S. S. Marquis, director of the educational department of the Ford Motor Company.

20-11-1920.

At the next session of the legislature an effort will be made to have Contra Costa county made a senatorial district by itself.

At an early hour yesterday morning there was a collision between an automobile and a street car near the salt water plant of the Standard Oil Company, in which John Dougherty, J. Winnerbeck, George W Ward and C. O. Stanton suffered injuries.

In an advertisement in another column of the Record-Herald, the Liberty Cash Market at No. 6 Washington avenue at Point Richmond, announced first class turkeys at 60 cents per pound.

The annual lodge of sorrow of the Elks will be held next Sunday afternoon.

The dance to be given this evening at East Shore Park will be the ninth annual pow-wow of the Red-men.

Walter Krantz, taxicab man and wife are on their way to Tijuana to attend the races at the new speedway.

Next Monday at Bank Hall, a branch of the War Mothers of America is to be organized.

Mr. Fred B. Bockin, Superintendent of the Standard Railways of San Francisco and family, are to spend Thanksgiving in Richmond, as the guests of Mr. and Mrs. H. M. Williams, at 418 8th street.

Thirteen Million Europeans Plan Coming to America

WASHINGTON, Nov. 23.—The house immigration committee today resumed its work of framing an immigration restriction bill, hoping to have the measure ready soon after the opening of congress next month.

Representative Johnson, Washington, chairman and some of the other members of the committee who have just returned from New York, said their inspection of Ellis Island convinced them with information given them by A. F. Wells, commissioner of immigration there, had convinced them more than ever of the immediate necessity of restricting immigration.

Johnson is understood to be urging upon other members of the committee the plan of denying entrance to all but blood relatives of naturalized Americans.

THROAT TROUBLE CURED

Oakland, Nov. 1,

1920. To whom it May Concern:

I suffered from throat trouble for 15 years, during which time I could neither eat nor swallow without pain. I became very weak and was unable to work for months. I had numerous doctors and then tried a Throat specialist, who told me that my trouble was due to the blood. He advised me to take blood medicine. Thereupon my brother, who had been cured of Stomach Trouble by the FONG WAN HERBS, urged me to try them. After drinking the herbs for 15 weeks, I felt entirely well. I have since gained 35 pounds. It is 10 months since I took the herbs, and I am now giving this testimonial to let the public know that any sufferer should try the FONG WAN HERBS. I am a watchman for the California Food Specialties Co.
